

Hello Mr. Konstantin Tikhonov,

Thank you for your reply. I understand your point.

I am sorry but I don't know why I missed.

I did not have confidence so actually I asked other student to teach me how to solve this problem. Mr. Khetag Tebiev was very nice and taught me.

So it became coincidence with his work.

I am very sorry for asking some other students to help me and will do assignments by myself.

Sincerely,

Koji Tokuda
